The secrets of sexual domination in videochat industry
Les secrets de la domination sexuelle dans l'industrie de vidéochat
Secretele dominării sexuale în industria videochatului

Sexual domination in videochat is about creating psychological and emotional intensity, not just visual stimulation. Here are the key "secrets" that make domination effective and magnetic in a cam show:

1. Control the Frame and Atmosphere

- Lighting, angle, tone of voice, and eye contact all set the mood.
- You are the center of the scene — own the space visually and energetically.

2. Voice and Language Are Your Power Tools

- Speak slowly, confidently, and commandingly.
- Use erotic authority — phrases like "Show me," "Wait," "You're mine," "Don't move unless I say so."
« Montre-moi », « Attends », « Tu es à moi », « Ne bouge pas à moins que je te le dise. »
- Combine seduction and dominance in your tone — softness with control.

3. Psychological Domination

- Anticipation is power — tease, deny, and delay.
- Assign tasks or rituals, give rewards or punishments.
- Create roles or scenarios (Mistress/servant, teacher/student, etc.) to deepen the fantasy.

4. Body Language and Eye Contact

- Confidence shows in posture and movement — slow, deliberate gestures are dominant.
- Look directly into the camera as if into their eyes; you become irresistible and inescapable.

5. Build Emotional Control

- Make the submissive feel seen, desired, but also under your control.
- Fluctuate between affection and dominance to keep their attention and arousal high.

6. Learn Their Weaknesses

- Ask subtle questions or watch reactions to figure out what triggers them — and use it.
- Personalized domination feels more intense and addictive.

7. Set Clear Boundaries (and Test Them)

- Consent is sexy. Know the safe limits, but play at the edges of fantasy to heighten thrill.
- You're in control, but it's also a dance — feel the rhythm of dominance and response

A videochat model performing a domination show needs to master the art of control, seduction, and psychological play. Here's a deep dive into how to behave and what keeps a user hooked — coming back for more:

1. Start with Psychological Seduction

Before showing skin, show control.

- Begin by taking your time. Don't rush into the act.
 - Say things like: "You wait until I say you're allowed to enjoy this," or "I own this space, and you'll learn to behave in it."
- « Attends que je te dise que tu as le droit d'en profiter » ou « Je suis propriétaire de cet espace et tu apprendras à t'y comporter correctement ».
- Be playful but commanding — your energy should say: "You're here for me." "Tu es là pour moi."

2. Establish Authority Without Losing Charm

Confidence = Attraction.

- Speak clearly, slowly, and deeply. Never sound rushed or nervous.
 - Use body language to show power: sit upright, make strong eye contact (into the camera), use slow, deliberate gestures.
 - Domination doesn't mean being cold — tease them with a little smile, a knowing look, a calm laugh that says "I'm always in charge."
- « Je suis toujours aux commandes. »

3. Create Rituals or Triggers

Routine = Addiction.

- Have specific things you make them do every time they visit — like calling you a title ("Mistress," "Goddess," « Maîtresse », « Déesse », etc.) or asking permission to speak.
- Use a signature phrase they associate only with you — e.g., "Good slaves wait for my command." « Les bons esclaves attendent mon ordre. »
- Make them feel they belong only to you.

4. Play With Power Dynamics

Power is sexier than nudity.

- Use commands like:
- "Take your hands off. You haven't earned that." « Lâche-moi. Tu n'as pas mérité ça. »
- "Beg me." "Supplie-moi".
- "Tell me why I should even care what you want." « Dis-moi pourquoi je devrais me soucier de ce que tu veux. »
- Mix it with subtle kindness or praise when they obey — like a light "Good boy / Bon garçon ," or a smirk that rewards submission.

5. Stay in Control of Pacing

Control the tempo.

- Never let them dictate the pace. If they ask for something, delay it.
- Deny them once or twice before giving anything — even if it's a smile, a body move, or a reveal.
- This denial-reward loop creates mental addiction.

6. Use Props or Setting Smartly

A strong visual reinforces the fantasy.

- Black lingerie, leather, latex, heels, chokers, gloves — choose depending on your persona.
- Use simple tools (riding crop, paddle, collar, rope) even symbolically — the suggestion is often enough.
- Keep your background elegant, mysterious, clean, and slightly intimidating.

7. Build a Storyline

Make them part of an ongoing fantasy.

- Remind them of past shows: "You remember what happened last time when you disobeyed?" « Tu te souviens de ce qui s'est passé la dernière fois que tu as désobéi ? »
- Promise future shows: "Next time, I might be even less forgiving." « La prochaine fois, je serai peut-être encore moins indulgente. »
- Make it episodic — give them a reason to return.

8. Make Them Feel Owned

They should feel special, but owned.

Say things like:

- "I don't care who else you watch — you'll always crave me."« Je m'en fiche de savoir qui d'autre tu regardes, tu auras toujours envie de moi. »
- "You belong to me here. Don't forget it."« Tu m'appartiens ici. Ne l'oublie pas. »
- If they spend a lot or return often, offer a small, special reward — a whisper, a private command, or a secret look. Make them feel they've earned it.

Final Tips:

- NEVER break character during the show. Stay dominant even if they test you.
- Anticipation is your best tool — less is more.
- Respect your limits and theirs — true dominance includes control over safety.

Note: The submissive is who the BDSM experience is tailored around.

As a Submissive, you would like to be able to exert control and have it taken away or earned by someone else.

It's an act of giving versus receiving.

Being submissive comes with simultaneous control and vulnerability, depending on your comfort level.

A Dominant needs to feel needed.

A Submissive needs to feel wanted.

Without each other, they are nothing.

Together they are complete.

Domination Scenarios (examples)

1.Obedience Training

Your style: Elegant, cold but seductive Mistress

Your look: Black lingerie, high heels, red lipstick, gloves, minimal jewelry

Setting of the room: Dim lighting, candles or red light behind you, sitting on a throne-like chair or bed

Opening (~ 1–2 minutes):

Your tone: Calm, slow, commanding

Your actions: Sit tall, legs crossed, look directly into the camera.

Phrases:

You're here. On your knees.

You don't speak until I give you permission.

This is your first test, my dear slave.

If you're obedient, you might earn the privilege of pleasing me.

But if you disobey... well, you'll find out soon enough.

Pause, watch reaction. Play with your hair or touch your neck slowly.

FR:

Tu es là. À genoux.

Tu ne parles pas avant que je te donne la permission.

C'est ton premier test, mon cher esclave.

Si tu es obéissant, tu gagneras peut-être le privilège de me faire plaisir.

Mais si tu désobéis... eh bien, tu le découvriras bien assez tôt.

Build “Power” (~ 2-5 minutes)

- Give them a command like "Hands behind your back," or "Say: I belong to you." « Les mains derrière le dos » ou « Dis : je t'appartiens ».
- Make them repeat after you or type something submissive in chat.

Good. You learn quickly. I like that.

But don't get too comfortable — I'm not here for your pleasure.

You'll earn mine.

FR:

Bien. Tu apprends vite. J'aime ça.

Ne sois pas trop à l'aise – je ne suis pas là pour ton plaisir.

Tu gagneras le mien.

Action: Slowly uncross your legs, lean in a little — just enough to suggest a reward, then pull back. Tease.

Tease and Deny (~ 5–10 minutes)

Introduce small rewards and punishments.

- Reward: verbal praise, a smile, light reveal (shoulder strap, toe, etc.)
- Punishment: cold silence, ignoring their messages, eye roll

You want more, don't you?

You think you've done enough to deserve a glimpse of me?

I think not. Beg me. Use your words. Convince me.

FR:

Tu en veux plus, n'est-ce pas ?

Tu penses en avoir assez fait pour mériter de m'apercevoir ?

Je ne le crois pas. Supplie-moi. Utilise tes mots. Convaincs-moi.

All this scenario could be a private show of ~ 8 – 17 minutes.

2. JOI + Light Humiliation

Your style: Legs crossed, wearing heels, silky black lingerie, sitting upright with calm dominance

Your mood: Cold, seductive, amused by their weakness

Your character: Mistress vibe — graceful, cruel, untouchably elegant

Opening (~ 1-2 minutes)

Phrases:

Look at you... already hard, like a pathetic little dog waiting for scraps.

You just saw me and couldn't control yourself.

Sit up straight. Hands off. You touch nothing without my command. Understood?

(Pause for response) then :

Good boy. You're still beneath me, but at least you remember how to obey.

Instruction (~ 2-7 minutes)

Now. Take your cock out slowly — yes, slowly.

I didn't say to stroke it. Just hold it. Feel how desperate it is — for me.

That's what you are. A need. A craving. A toy.

And tonight, I might play with you... if you behave.

To do: Light body movement, show a heel or a slow caress of thigh — tease, don't reveal too much

FR:

Regarde-toi... tu es déjà dur, comme un petit chien pathétique qui attend des miettes.

Tu viens de me voir et tu n'as pas pu te contrôler.

Tiens-toi droit. Bas les pattes. Tu ne touches à rien sans mon ordre. Compris ?

Bon garçon. Tu es toujours inférieur à moi, mais au moins tu sais obéir.

FR:

Maintenant. Sors ta bite lentement – oui, lentement.

Je n'ai pas dit de la caresser. Tiens-la juste. Ressens comme elle est désespérée – pour moi.

C'est ce que tu es. Un besoin. Une envie. Un jouet.

Et ce soir, je pourrais jouer avec toi... si tu te comportes bien.

One... two... one... two. Don't rush. I'll punish you if you do.
Look at me when you stroke it. Keep your eyes on your goddess.
(Pause, adjust tone — slower, more controlling)

You're not even doing this for pleasure. You do it because I say so.
You're just a cock I control with words. A puppet on a leash.
Stroke slower now. Keep that tension. Don't you dare get close.

Denial (~ 7–10 minutes)

Phrases:

You want to cum, don't you? Pathetic.
You haven't even earned that.
Hands off. NOW.
Sit there. Dripping. Ruined. Controlled.
(Switch to more teasing tone, small laugh)

That's how I like you... frustrated, aching, humiliated.
But you'll come back. They always do.
Because no one ruins you like I do.

All this scenario could be a private show of ~ 10 – 19 minutes.

FR:

Un... deux... un... deux. Ne te précipite pas. Je te punirai si tu le fais.
Regarde-moi quand tu la caresse. Garde tes yeux fixés sur ta déesse.
(Pause, ajuste le ton — plus lentement, plus autoritaire)

Tu ne fais même pas ça pour le plaisir. Tu le fais parce que je te le dis.
Tu n'es qu'une bite que je contrôle avec des mots. Une marionnette en laisse.
Caresse plus lentement maintenant. Maintiens cette tension. N'ose même pas t'approcher.

FR:

Tu veux jouir, n'est-ce pas ? C'est pathétique.
Tu ne le mérites pas encore.
Bas les pattes. MAINTENANT.
Assieds-toi là. Dégoulinant. Ruiné. Contrôlé.

FR:

C'est comme ça que je t'aime... frustré, blessé, humilié.
Mais tu reviendras. Ils reviennent toujours.
Parce que personne ne te détruit comme moi.

Optional Ending: Ruined Orgasm or Countdown

If you allow it, give a countdown:

Fine. If you've earned it tonight... stroke fast. Now.

5... 4... 3... 2... hold it... now.

Or deny:

No. You didn't please me enough. Not tonight. Maybe next time.

FR:

Si tu le permets, je te lance un compte à rebours :

Bien. Si tu l'as mérité ce soir... frappe vite. Maintenant.

5... 4... 3... 2... attends... maintenant.

Non. Tu ne m'as pas fait assez plaisir. Pas ce soir. Peut-être la prochaine fois.

3. Foot Fetish (Domination)

Character: Mistress – elegant, calm, untouchable

Background settings: Satin sheets or a throne-like chair

Your look: High heels (preferably stilettos), black stockings, glossy red toes

Your mood: Cold pleasure with cruel teasing

Opening (~ 1–2 minutes)

Phrases:

On your knees, foot toy.

You're already hard, aren't you? Just from the sight of my shoes.

It's pathetic how low you've sunk. And I adore it.

To do: Slowly extend leg toward the camera — still wearing the heel

FR:

À genoux, mon jouet pour les pieds.

Tu bandes déjà, non ? Rien qu'à voir mes chaussures.

C'est pathétique de voir à quel point tu es tombé bas. Mais j'adore ça.

Phrase:

Tonight, you'll worship. You'll beg. And if I'm amused... maybe I'll let you dream of touching them.

FR: Ce soir, tu les adoreras. Tu les supplieras. Et si ça m'amuse... peut-être que je te laisserai rêver de les toucher.

Worship Ritual (~3–8 minutes)

(Start with shoes on. Tease the power of them.)

Phrases:

These heels have walked over better men than you.

And now, you'll beg to lick the soles.

But you can't. You're not worthy. You only get to look.

Stroke slowly. One stroke for every toe you worship. Count aloud. Obey.

(Slip off the heel slowly — revealing your stocking or bare foot)

Now you can see what heaven looks like — and know you'll never taste it.

This foot could crush your ego.

But maybe I'll be kind... maybe I'll let you imagine kissing it.

(Flex your toes, dangle the shoe, play with your arch, move closer)

I could let you sniff. Or maybe you pay more... and you get to dream deeper.

FR: Je pourrais te laisser renifler. Ou alors, tu paieras plus cher... et tu pourras rêver encore plus fort.

Control Moment (~ 8–12 minutes)

FR:

Ces talons ont marché sur des hommes meilleurs que toi.

Et maintenant, tu me supplieras de me lécher les pieds.

Mais tu ne peux pas. Tu n'en es pas digne. Tu n'as que le droit de regarder.

Caresse lentement. Une caresse pour chaque orteil que tu adores. Compte à voix haute. Obéis.

Maintenant, tu peux voir à quoi ressemble le paradis — et tu sais que tu n'y goûteras jamais.

Ce pied pourrait briser ton ego.

Mais peut-être que je serai gentille... peut-être que je te laisserai imaginer l'embrasser.

Phrases:

Now. Faster. Stroke to my feet. You'll only cum when I say so. You cum for my feet, not for your pleasure. If you're lucky, you'll spill on the floor like the footslave you are.

FR: Maintenant. Plus vite. Caresse mes pieds. Tu jouiras seulement quand je te le dirai. Tu jouiras pour mes pieds, pas pour ton plaisir. Si tu as de la chance, tu te répandras par terre comme l'esclave de mes pieds que tu es.

Or denial:

Phrase

No. You don't deserve release. You only deserve frustration.

Kneel there, leaking. Thank me.

FR: Non. Tu ne mérites pas d'être libéré. Tu mérites seulement la frustration.

Agenouille-toi là, en train de fuir. Remercie-moi.

All this scenario could be a private show of ~ 12 – 22 minutes.
